

National Survey Reveals Moving Causes Money Nightmares

Franchising.com (June 2014) – In today’s world, moving to a new home may leave a larger dent on your wallet than your personal belongings. A new, national survey reveals that **new movers** face thousands of dollars of moving expenses, at times \$5,000 or more – expenses that cause a debt disaster for 1 in 6 movers. To make matters worse, more than 2 in 3 new movers say busy and unapproachable friends and neighbors add to their emotional and financial stress.
